Dear Parents and Guardians,

**Fees for the school year beginning September 2010**

Over the past year we have worked hard at improving the school facilities with investment in interactive whiteboards, computers and new equipment for teaching music as well as the construction of a roof over the basket ball court. We have also opened our new A-Level Centre. This provides students in Ipoh for the first time with the opportunity of studying A-Levels in a supportive and well-disciplined school environment.

We know much more needs to be done, especially in further developing the quality education in the school. In particular we need to recruit to the international school, qualified teachers with experience of the international curriculum and up-to-date approaches to teaching and learning.

Over the past few months we have been looking very closely at our budget and plans for the next year. We want to ensure that in future we can do all we can to avoid the large increases in fees of up to 30% that occurred last year. At the same time we are determined to improve the quality of the school and the education we offer as well as coping with inflation.

I am therefore pleased to inform you that there will be no increase in the fees of the National School in January 2011 and only a small increase of no more than 3% in the fees of the Kindergarten and International School from September 2010

Details of the fees at the Kindergarten and International School for the school year beginning in August 2010 are as follows:-

Level	Age	Term Fee (RM)	Deposit (RM)
Toddler/Kg	3 to 4	1,390	1,390
