**General Notices and Information**

Can we please remind parents that you must have a primary car pass to be allowed automatic entry onto the Tanjung Bungah campus. All parents without a primary pass must sign in (including if you have forgotten it) and all secondary children must be dropped at the secondary drop-off area. If you are a primary parent, drop-off is only in the drop-off area and not opposite it, as stopping here badly congests the road and makes it unsafe for children and adults who may be crossing. Please drive at walking pace while on campus. Parents who persistently speed or stop in undesignated areas will be asked to drop their children off outside of school. Please help us to work together to make school a safer environment for all of our children.
