General Notices and Information

Please note that if you have a student in year 11 and do not intend to continue into year 12, you need to give notice to quit before the start of next term on Monday 28th April. This is the same requirement as in every other year group across the school. Sixth form places are all conditional on students achieving the minimum course requirements, which are a minimum of 5 IGCSEs at grades A*-C and at least a B grade in subjects you wish to follow through into year 12. Please note also that there is now a programme of study for students in year 11 which will continue until the end of next term on Friday 18th July. Further details about the programme will be published in due course. Students will also be able to take part in Horizons Week this year, which runs from 16th-20th June. Graduation day for year 11 will take place on Saturday 14th June.
