The autumn term has been a fun filled term with many exciting events taking place at IISEYC and we can’t believe that we are half way through the month of April. Another busy term has passed and we are looking forward to a bit of a break. A big thank you to our families for your support during this term.

The term started with Orientation for the new parents. Parents were briefed on the Curriculum and activities their child will be involved in and get a better understanding of the school.

During Chinese New Year celebration our very own Lion Dancers showed off their talent dancing to the beat of the drum together with the Senior student Lion Dancers.
Children displayed their creativity and writing skills during the "World Book Day". The younger one’s shared their stories in the form of drawings while the Year 1’s created their own story books and read them to their classmates.

The parents had a great morning watching and cheering their children as they displayed their skills based on the IPC curriculum themes during Sports Day. Having it at our very own school ground made it even more fun.

To celebrate the completion of unit on "The Circus is coming to Town", the Year 1 parents were invited to a circus performance. The children entertained their parents with the various skills which include juggling, balancing, magic tricks and clowning.
The 4 trainee teachers from Stranmillis University College, Belfast, Ireland, Ms. Carolyn, Ms. Charis, Ms. Hannah and Ms. Amy were at Tenby Ipoh and IISEYC on school placement programme. There was a mutual sharing of good practices with rewarding experiences among students and teachers during their 4 weeks stay in Ipoh.

Parents had an informative evening meeting the teachers and discussing their child’s progress at school and find solutions to academic and learning attitude. It was also time for parents to know what they can do to help with their child’s learning at home.

The term ended with Easter celebration. Children came in dressed as bunnies and some brought in beautifully decorated Easter eggs to share with friends.

Have a safe and happy term break and we will see you all again on Monday, 28th April 2014.

“Every student can learn, just not on the same day, or the same way.”
A Fun filled Term at IISEYC

FS1A (Toddler)

Children deciding which category the toy animals belong to (wild/tame).

It’s fun time!!! Roll, roll, roll the ball to your partner.
All smiles for the camera as toddlers happily pose adorned with their very own hand-threaded garlands made out of coloured straws. The themes for this term were animals and shapes. Children had fun learning all about animals and they made various animal masks which enhanced their fine motor skills. They also got creative as they learned to identify the various shapes which were incorporated in the classroom activities.
What an experience as children of FS2 journeyed into the animal world in their different animal masks made during art lessons and classroom activities.
FS2 (Kindergarten)

Here we go to Fantasy Island with our favourite teddy and bumped into ‘Goldilocks and the Three Bears’. Wow! How interesting!
Welcome to the FS3A’s flower shop. Come and buy any flower you like at a minimal cost!

Observing the changes on chocolate.
The children were all focused as a bar of chocolate melted and re-cast into different shapes.

The ladies are enjoying "high tea".

Models from FS3B on parade.
There are different types of plants that produce different smells. Some plants have strong smell and some have pleasant smell.

We can change our movements into different animals too!!!
Year 1

Making the final touches to the circus tent during our art lesson.

We enjoyed playing with our very own drums made of bottles.

The shoe seems to weigh heavier than the number of cubes.

We investigated the effects of force and energy.

Making the final touches to the circus tent during our art lesson.
