

Dear Parents/Guardians,

2nd September 2016

It has been a great pleasure to welcome back both SST and TIS pupils to School in August and September, and to welcome over 140 new pupils to the School. I am very excited and proud to be the new Campus Principal for Tenby Schools SEP and I look forward to working with you and your children to continue the excellent work by Mr. Auster.

The forthcoming Term is busy, and I wish SST Standard 6 students 'good luck' for the important examination challenges that lie ahead for UPSR.

Newsletter

The first Newsletter of Term will be issued next Friday 9th September 2016. The management has decided to adapt a new format of publication and the social media accounts will be our main communication channels. Please log onto <http://www.tenby.edu.my/setia-eco-park> to follow our Twitter and Facebook accurately.

School Fees

Thank you to those families who have paid School fees, as required, before or on the first day of Term this week. Please can any outstanding payments be quickly resolved.

Parent ID / Visitor Pass

There has been a noticeable and healthy number of parents / visitors coming into the School. I am pleased to enforce the new regulation to tighten security for our students in SEP, wearing of ID / Visitor Pass for all staff, parents and visitors is **MANDATORY** whilst on campus. Registration at security point and car stickers will now be examined on a regular basis to ensure the full obligation to the Child Protection Policy.

Malaysia Day Celebration

Thank you to the SST teachers who are busy preparing the students for the Malaysia Day Parade and Celebration on Friday 16th September 2016. This is indeed a very good practice to embrace the diversity of the true Malaysian cultures. I look forward to partake in this happy occasion of the school.

CCA Activities... and Traffic

The new programme of CCA's begins from Monday 5th September 2016. Please can all families and drivers exercise great caution, AND patience, when collecting children after School before the extensive CCA programme begins.

Zika Virus

The School has been observing the Prevention and Control of Infectious Diseases Regulation to ensure elimination of all disease bearing insects. The health and safety of our students is of paramount importance.
