General Notices and Information

It has been observed that some students are being dropped off at school between 07:05 and 07:30. As I mentioned previously, this is far too early as staff will only start their duties from 07:40. If such an early drop-off is unavoidable then the parent or driver must remain and supervise their child/children until at least 07:30 when staff are required to be in school and so responsible adults will be around the campus if not on duty. Thank you for your understanding and co-operation. PWB
